distinguishes the true Christian; from the striking denunciations of Solomon down to the injunction of the Apostle:—"Add to your faith, virtue; and to virtue, knowledge; and to knowledge, temperance." All nations, however barbarous, every people, however isolated, have discovered a mode of procuring some sort of stimulant. Almost all known vegetable substances, as well as many known vegetable substances, as well as many ruddy countenance and bordommie make them animal, have been employed for this purpose. Probably a list of more than one hundred articles could be furnished, frequently of the most incongruous description, from which an intoxicating element has been protected.

This class need no stimulus to them it is a manifest injury. A low diet, and abstinence from exciting drinks, and from much animal food, affords them the only chance of safely reaching the critical cured. Unless there is some constitutional period of tife, without being overtaken with necessity to be supplied, it is very difficult to account for this instinctive ingenuity.

We may safely calculate, then, that, while misfortune of this class that they usually dethe constitution of man remains unchanged, sire just the food and drink which it is the there will ever be manifested a desire for least desirable they should employ; and they
